Please recommend anyone whom you know that would be interested in helping out in the morning at the SFLCs.

Multicenter Virtual Sessions - 21st July 2022

Our team was able to step up and handle the increased technological expectations to be able to provide a seamless and effective virtual interactive session to the children in four centers. With the support of our partners Eka Yoga and Yugashri, we were able to hold Yoga creative visualisation and Art programs. Mrs Valli Narasimha went above and beyond to handle all the centers simultaneously and to mitigate any slips.
